ELECTRIC LIGHT FIXTURES

Catalog D-5

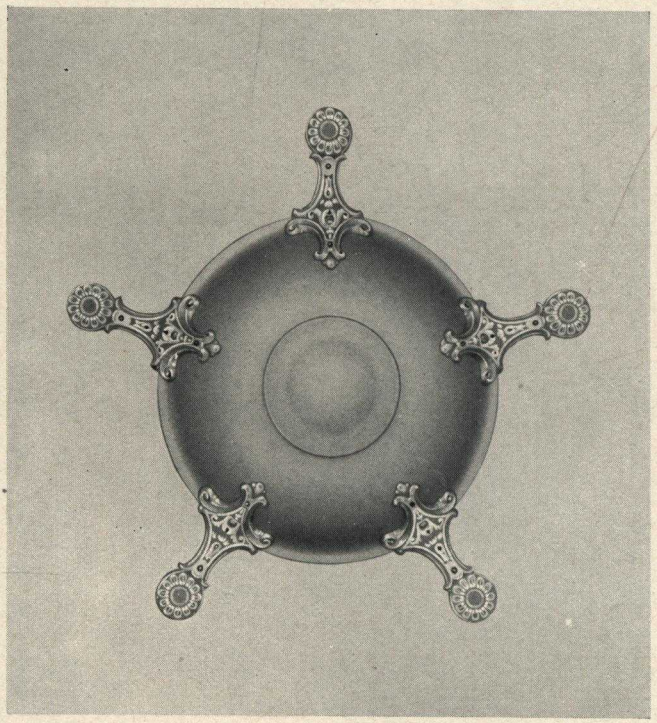
R. WILLIAMSON & CO.
601 Washington Boulevard
CHICAGO



THE decorative detail on arms of 118 Line fixtures (reproduced on pages 3 to 9 inclusive) cannot be seen distinctly because of the perspective in which fixture must necessarily be photographed. Above is shown view of body with arms to help give a more complete idea of the appearance of this line.

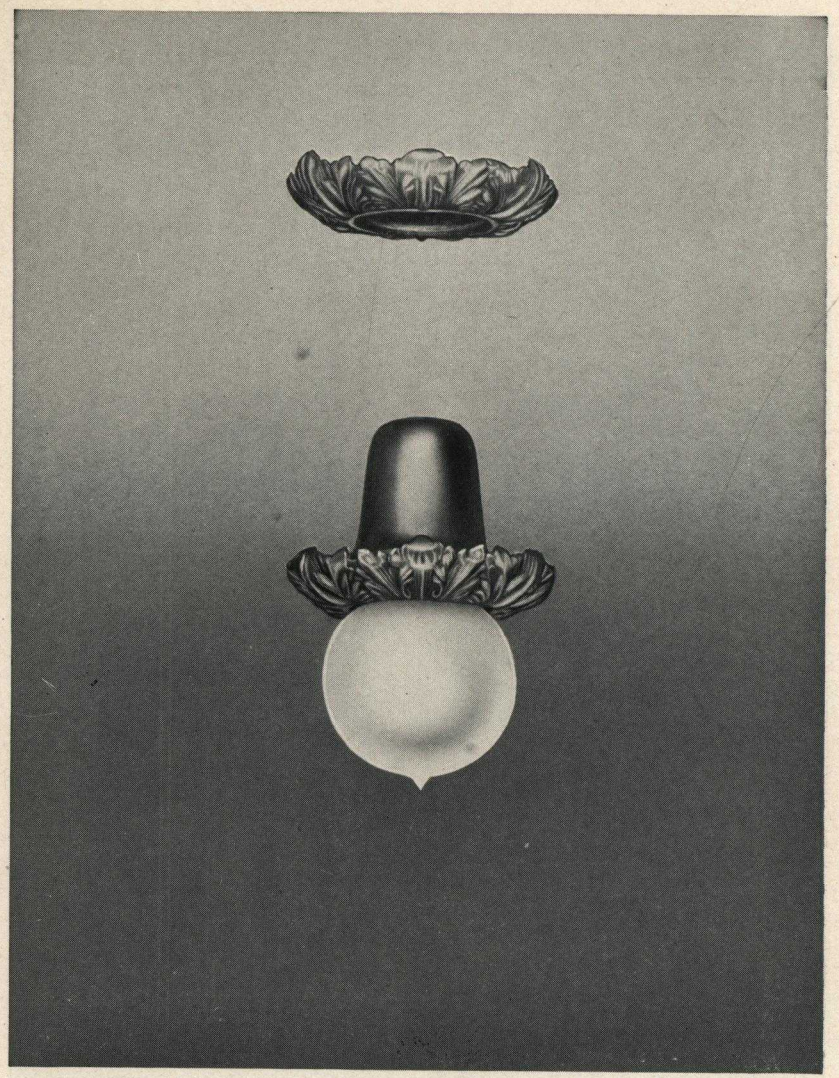
No. 118-F5

BODY 10⅜ in. diameter; spread 18½ in. over all. All castings and shells are made of brass.

For finish and other particulars see price list.

WILLIAMSON

IN THERE IS LIGHT



No. 104

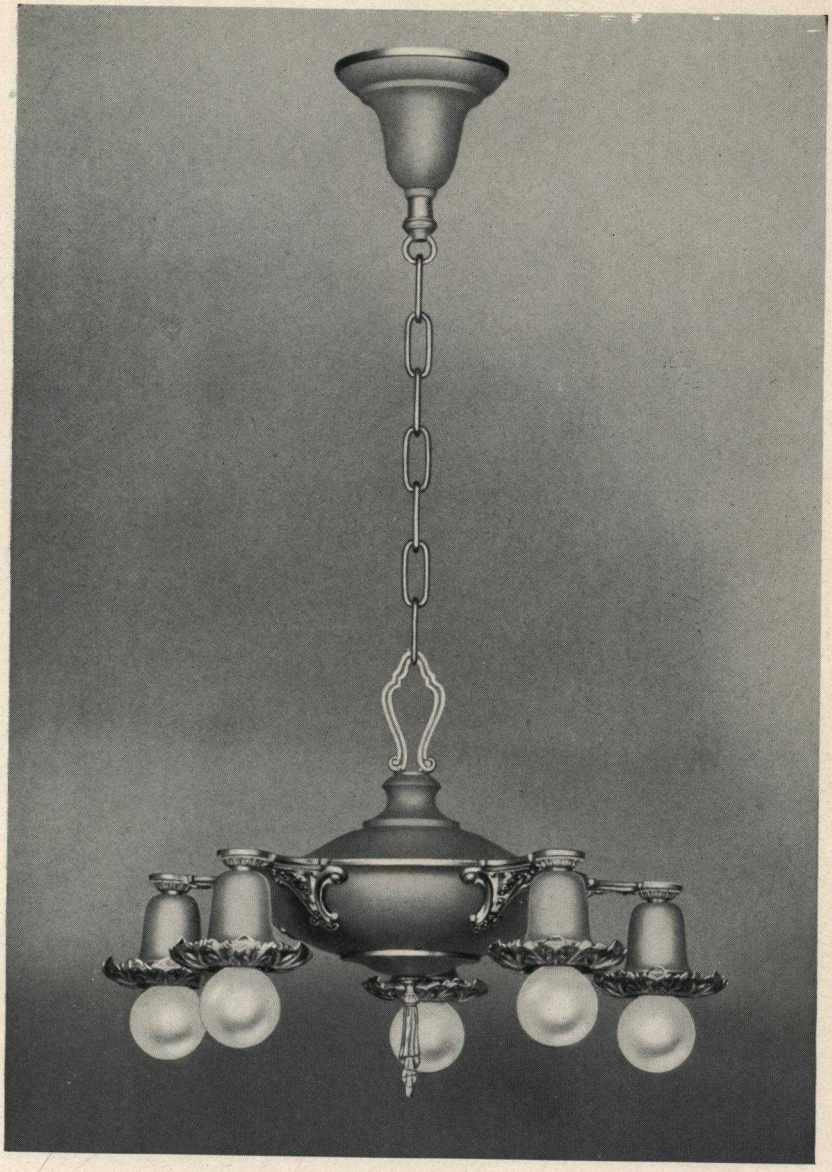
DETACHABLE brass ball lamp rosette, 4 in. diameter; screws on thread of socket shell making it possible to use ball lamp or glass shade on same fixture.

On all Williamson fixtures the socket cover shade holder, which is part of the fixture, remains intact and is ready for use when rosette is screwed off socket—without disturbing the wiring.

Illustration shows No. 104 rosette as furnished; also how rosette is used in connection with socket cover holder and with ball lamp in place.

For finish and other particulars see price list.

WILLIAMSON



No. 118-J5

Made up of No. 118-A5 equipped with No. 104 rosettes.

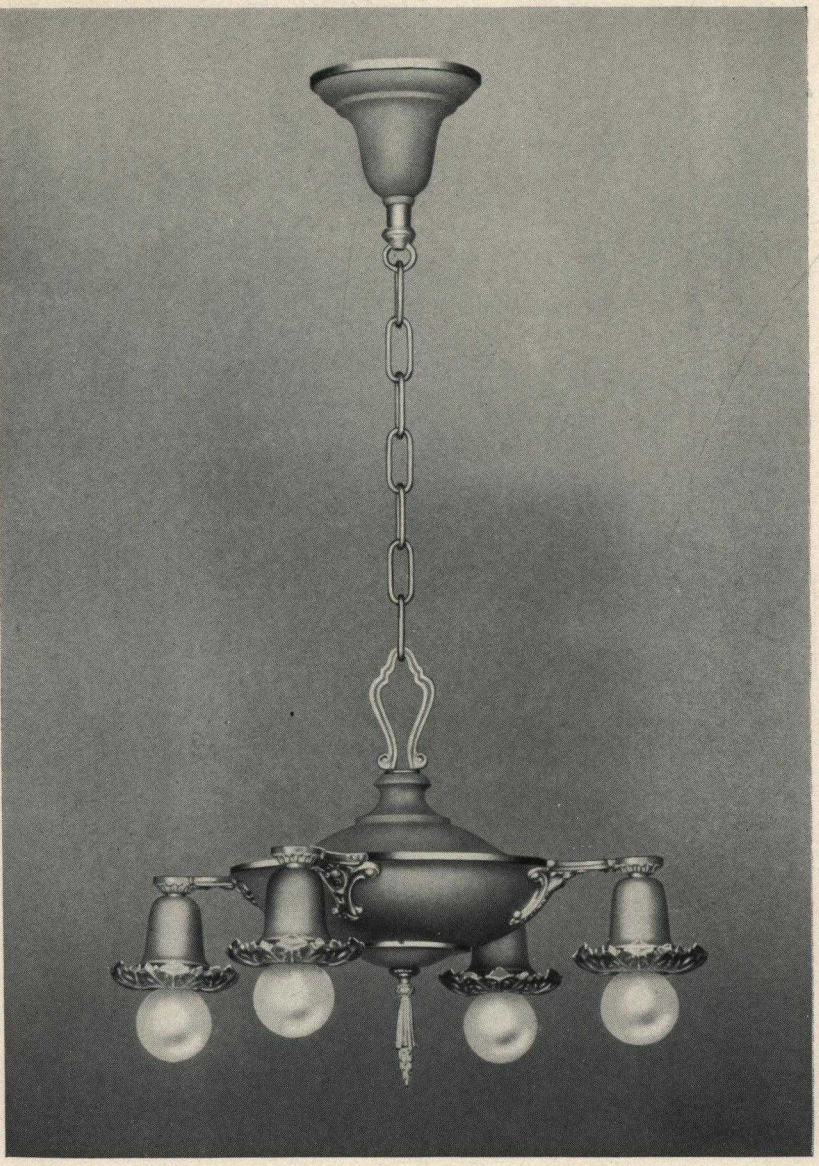
BODY 10⅜ in. diameter; spread 19½ in. over all. Castings and shells are made of brass.

Fixture is interchangeable, to be used either with shades or ball lamps. Order No. 118-A5 only, if wanted for use with shades; for ball lamps as shown order five No. 104 rosettes extra.

For finish and other particulars see price list.

WILLIAMSON

IF THERE IS LIGHT



No. 118-J4

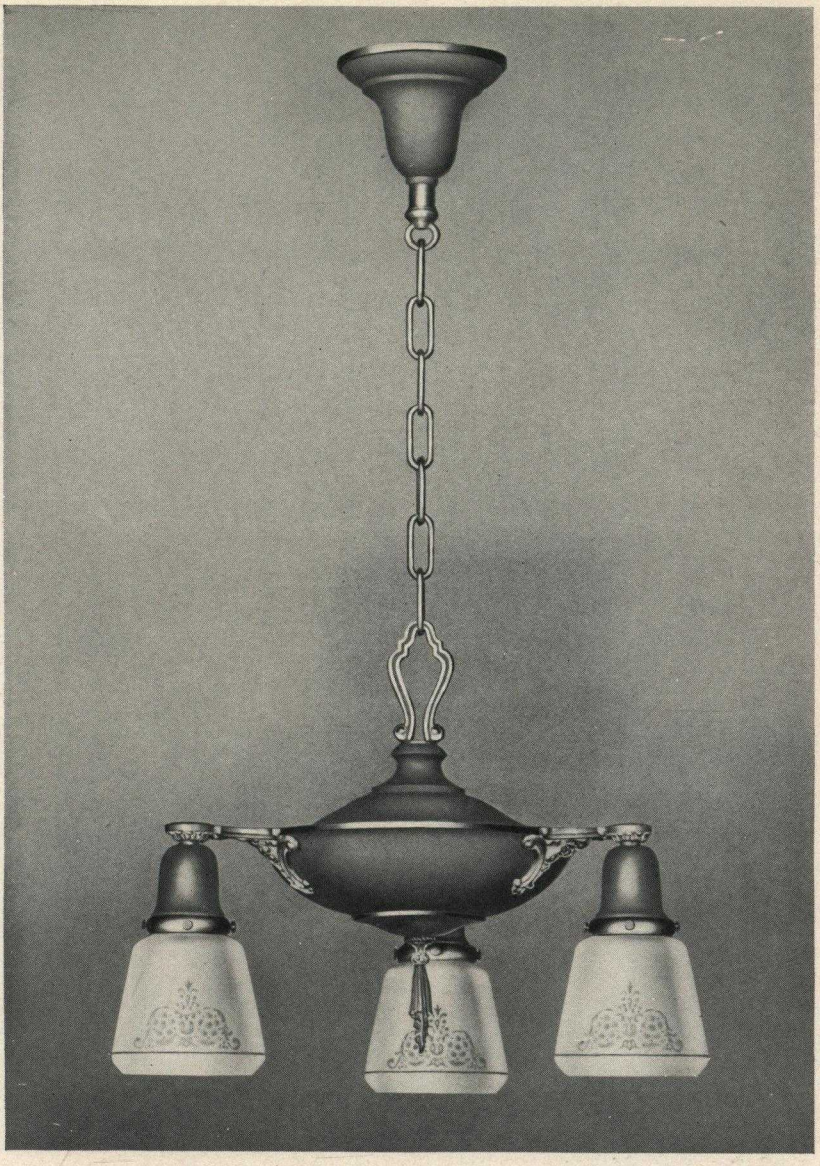
Made up of No. 118-A4 equipped with No. 104 rosettes.

BODY 10⅜ in. diameter; spread 19½ in. over all. Castings and shells are made of brass.

Fixture is interchangeable, to be used either with shades or ball lamps. Order No. 118-A4 only, if wanted for use with shades; for ball lamps as shown order four No. 104 rosettes extra.

For finish and other particulars see price list.

WILLIAMSON



No. 118-A3

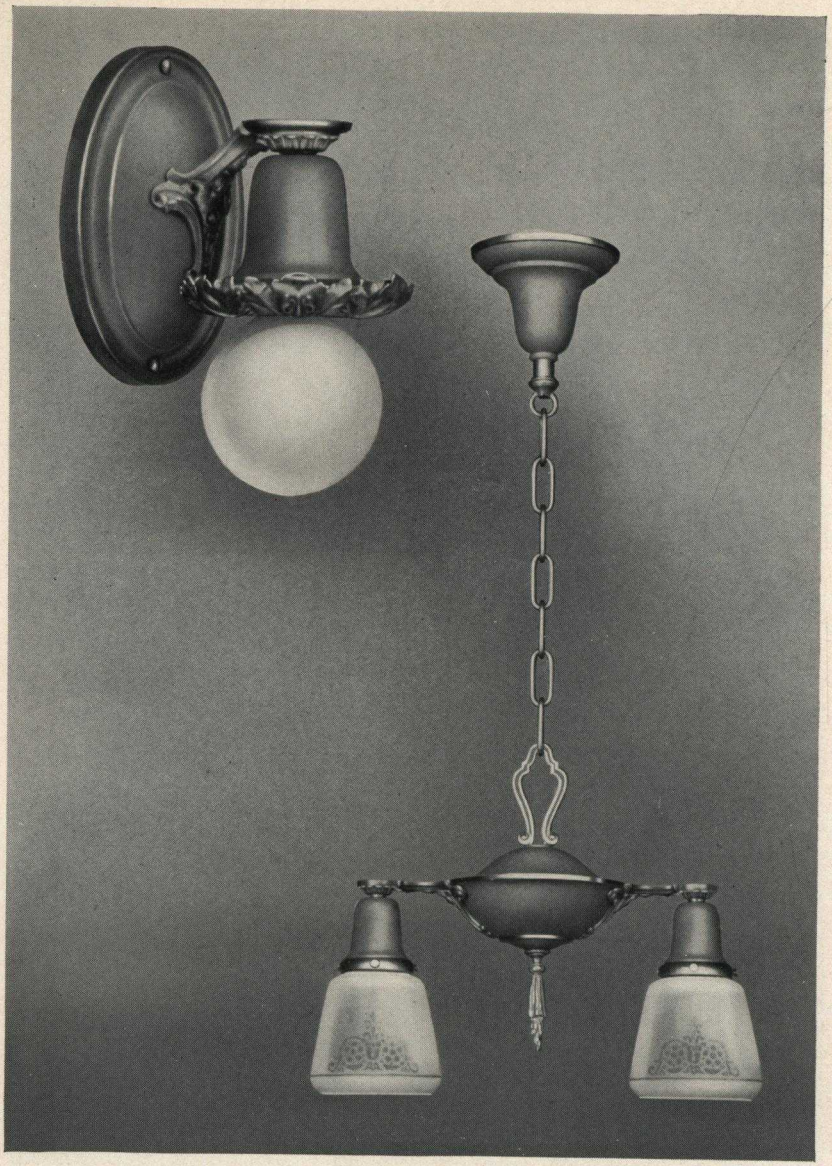
BODY 10⅜ in. diameter; spread 20 in. over all. Castings and shells are made of brass.

Fixture is interchangeable, to be used either with shades or ball lamps. Order No. 118-A3 only, if wanted for use with shades as shown; for ball lamps order three No. 104 rosettes extra.

For finish and other particulars see price list.

WILLIAMSON

WHERE THERE IS LIGHT



No. 118-N1

Made up of No. 118-E1 equipped with No. 104.

OVAL back plate 4x6 in.; extension 5¾ in. overall. All brass.

No. 118-A2

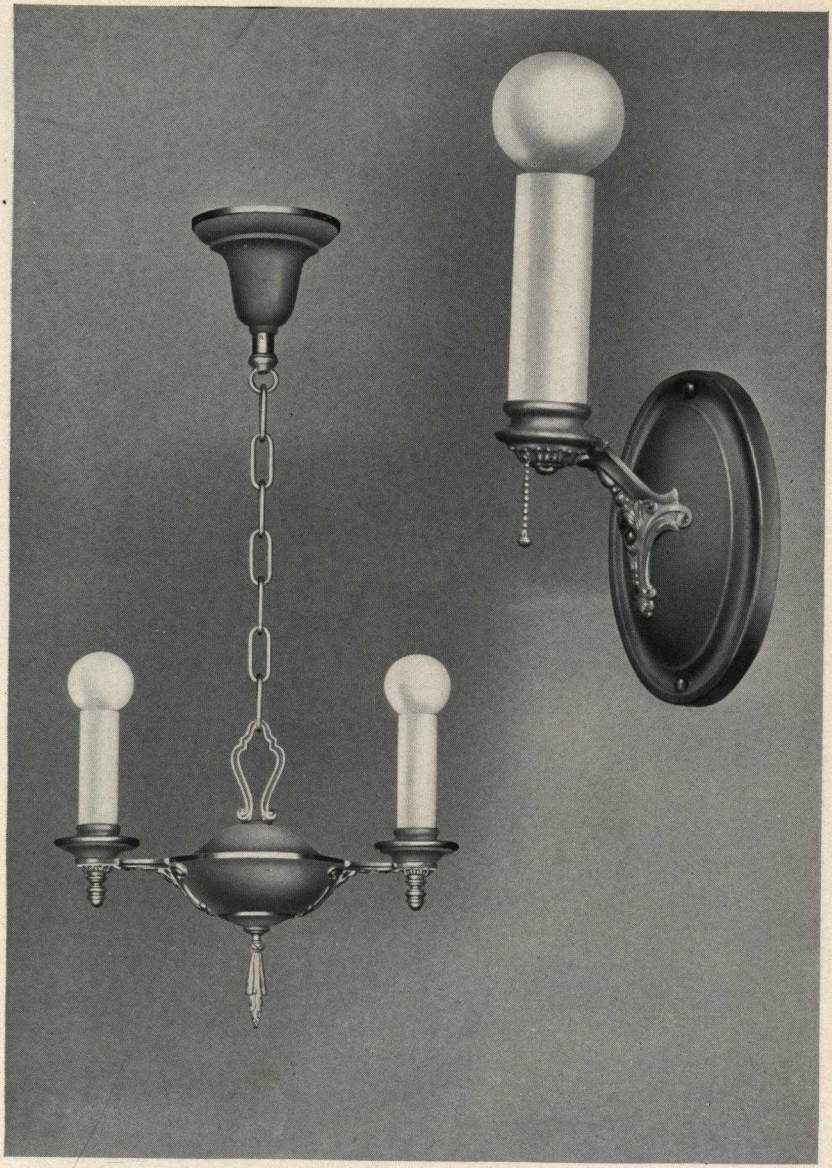
BODY 6¼ in. diameter; spread 15½ in. over all. Castings and shells are brass.

Both bracket and fixture are interchangeable, to be used either with shades or ball lamps. Order bracket No. 118-E1 or fixture No. 118-A2 only, if wanted for use with shades; for ball lamps order No. 104 rosettes extra.

For finish and other particulars see price list.

WILLIAMSON

WHERE THERE IS LIGHT



No. 118-F2

BODY 6¼ in. diameter; spread 11 in. over all. Castings and shells are brass.
